## Conference Announcement

# 5th Toulouse Conference on Environment and Resource Economics

## Advances in Economics and Biology

Toulouse, 1<sup>st</sup>-2<sup>nd</sup> June 2004<sup>†</sup>

**The aim of the conference** is to discuss areas of overlap between economics and biology. We intend to explore ways that results from economics inform issues hitherto studied mainly by biologists and ways that results from biology inform issues hitherto studied mainly by economists. We expect to have roughly 50-50 attendance from economists/social scientists and biologists.
